If you missed the weekend sermon, you can find it here:

1. What is your favorite late-night snack?
2. David Kinnaman, President of Barna Research says:

“Loneliness is like the canary in the coal mine, being highly correlated with a raft of other emotional and relational problems, including porn use, unwanted singleness, marital problems, challenges with sexual intimacy, addiction, depression, and anxiety. Loneliness defines our times—we are more connected but more disconnected than ever.”

Do you agree or disagree that loneliness defines our times – and that it’s at the root of many emotional and relational problems? Why or why not?

3. God says that it is not good for the man or woman to be alone (Gen. 2:18). While this can be remedied in marriage, the concept of community goes beyond marriage. How can loneliness be addressed regardless of marital status? If willing, share an experience where a community outside of marriage made a lasting impact in your life and why.
4. Read Ephesians 5:25-27. Discuss the aim of Christ’s love for his church in verses 26-27.
5. Read Hebrews 10:23-25. What are the benefits of believers being connected to biblical community? What are the dangers of being disconnected from biblical community?
