

IMPACTING

COMMUNITY / CITY / WORLD

X

X

At The Bible Chapel, we stand on the shoulders of believers committed to our mission of developing followers of Christ. Throughout our history, we have united as one to focus on our future and take action to ensure God's Word is shared not just within our walls, but with the nations as well. These endeavors have allowed us to engage international partners, start new campuses, expand our buildings, and free up ministry monies through debt reduction. Now it's time to join together again to impact our community, city and world through

REACH 2023: Foundations for the Future!

Who Will You REACH?

We know that God works through us when we take steps of obedience, and that we cannot do this alone! The prayers, gifts and work of many can make tremendous tasks possible, and we thank you for considering reaching the world with us.

To make your pledge, visit biblechapel.org/reach2023, or call 724.941.8990.

Taking Care of Business

\$3.5MM

Reaching the Next Generation

\$1.7MM

Reaching Young Adults

\$250K

Supporting Pastors & Churches

\$200K

Reaching the World

\$650K

» Taking Care of Business

Focusing on what needs addressed with our buildings will allow us to continue to bring engaging experiences to all who call The Bible Chapel home, and those who will experience life change through our church. We desire to ensure our foundations continue to be built on solid Rock as we pursue our mission to develop followers of Jesus Christ.

» Reaching the Next Generation

Reaching young people has been a goal of The Bible Chapel since its founding, and it's a goal we will continue to strive toward as we build up future leaders and followers of Christ. REACH2023 will provide an incredible opportunity to create an engaging environment for younger generations to learn about Jesus!

» Reaching Young Adults

Investing in future leaders means investing in young adults. Through REACH, we will work to build a strong community of young adult small groups throughout Pittsburgh who are equipped and employed to share Christ at work, home, and in their communities!

» Supporting Pastors & Churches

Every church must be shepherded by a spiritually and emotionally healthy leader in order to thrive. Many small churches are led by solo, bi-vocational pastors who are at-risk for burnout and dropout, negatively impacting their church bodies and families. Support from REACH2023 will enable The Journey to provide these pastors with community, mentoring, and tools like Living Grounded to help them lead their churches well.

FAITH HOUSE THAILAND

The Bible Chapel has partnered with Faith House for more than three years to rescue at-risk refugee girls from Myanmar and introduce them to the love and power of Jesus Christ. Without help, these girls would likely fall victim to human and sex trafficking. Your generosity through REACH2023 will provide post-secondary education for the girls of Faith House, as well as facility improvements that will ensure the safety of not only the girls, but all who serve there as well.

WORD OF LIFE CAMP PANAMA

The Bible Chapel has been working in partnership with Word of Life for more than a decade to impact the children of Chame. Every year, WOL hosts camps for children across the country to learn, play and hear about Jesus. Your giving to REACH2023 will provide WOL with solar panels and a baseball field. The panels will provide an ongoing benefit to the organization's operating expenses, and the field will create new year-round ministry opportunities. We will also continue to support the Panamanian youth who are cared for through the ANA Panama program.

AIC LION OF JUDAH KENYA

Our long-standing relationship with Reverend Johnson Wambua and AIC Zion Church in the Mathare Slums has allowed us to help children in one of the world's poorest areas. Through REACH2023, we will again partner with Reverend Wambua to enhance and implement the classrooms at the recently completed AIC Lion of Judah school in the Great Rift Valley. Your contributions will help to develop five acres of the school's land into a sports field and eventually a boarding school, which will fully support both the Zion and Lion of Judah schools. Together we can help to build a robust, healthy educational environment for children who otherwise may not receive formal schooling.
